

Physical Education and Sport Funding 2015 – 16

London Sport has been directed by Sport England to review all school websites in the London Boroughs in order to make a specific check for compliance with the conditions of the PESP funding. The information gathered will be formally reported to Sport England and in turn to the DfE. This process will start on **Monday 4th April 2016**. Whilst the focus for London Sport is on the school's 2015-16 funding arrangements, Ofsted also review 2014 -15 and therefore the school's PESP plans, impact statements supported by data should remain on the school website.

The criteria listed below will be used by the compliance reviewers. I hope this check list will be useful to you and help you to identify any updates you feel you may need to make to your PESP report on your school's website. It is important that impact statements are supported by relevant data. The focus of the funding is about sustainability and the PESP plan should reflect this. *Notes in italics are guidelines which I hope will be useful.*
