

Sports Premium Funding 2013-2014

In April 2013, the Government announced new funding for Physical Education, (P.E) and Sport. The funding is for two years from September 2013.

St Anselm's Primary School Sport Premium Funding for 2013 to 2014 - £9,800

At St Anselm's Primary School, we view sport and PE as being integral to our children's physical and mental health and wellbeing. With that in mind, we have spent our Sports Premium Grant for 2013/14 on the following key areas:

Use of a PE Specialist

The PE education specialist is working with teachers in half termly blocks supporting teachers to up skill them in areas that they have identified as requiring improvement. The class teachers are shadowing/ jointly teaching P.E. lessons with the PE specialist in order to improve the quality of PE provision and to gain the skills to ensure continuity of effective PE lessons in the future.

Purchase of planning resources.

Schemes of work and other planning resources have been purchased to support the implementation of the New P.E. Curriculum. The new resources will further improve teachers planning for P.E. lessons in a wider range of sports and topics than currently exists, eg a wider range of dance topics.

The upgrading and purchasing of new equipment

New equipment will be bought to support the teaching of new sports and activities introduced to PE in St Anselm's, e.g. golf equipment.

The introduction of specialised coaching

Qualified coaches have also been employed to work with teachers to deliver sessions in a variety of sports including established and new sports activities, e.g. Cricket in Year 3 and Crossfit in Year 4 and 5.

Development of young sports leaders in Key Stage 2

The training of Sports leaders in KS2 to assist and lead younger KS1 pupils in sports games, helping to promote healthy lifestyles.

Membership of School Sports Partnership

Maintaining and increasing the access we currently have to sports competitions within our family of Catholic schools in Harrow.

Intended Impact of Sport Premium funding

- Increase pupils' participation and success in sports competitions both internally and externally.
- Increase the breadth of sports activities, which pupils can take part in, both during and after school.
- Increase teacher confidence and skills in delivering PE lessons leading to a higher standard of PE provision for pupils.
- Promotion of healthy lifestyle through the improvement in attitudes towards sport and Physical Activities.
